

Learn-a-Skill Series 2016

LaS is another initiatives by DTES to serve as a platform for Teachers and Education Workshop Instructors to learn innovative practical skills. The main objective is to enrich the D&T community which in turn would benefit D&T pupils. Details of the LaS sessions are as follows:

Date	Zone	Venue	Presenter	Title	Brief Description
13 Jul	North	Deyi Secondary School	Abdul Shukor Yusof Abdul Rahim Talib	Possibilities with Musical Card Circuit	The Musical Card Circuit is commonly used as it is. This session explores it for other use. For example, providing music when a lid is opened.
27 Jul	North	Punggol Secondary School	Bek Jing Siah	Uses for Steel balls and Springs	Participants will learn how to incorporate steel balls and springs for extendable, retractable, and rotatable parts.
24 Aug	East	Geylang Methodist Secondary School	Mohamed Said Haron Zairul Azidin Abdul Rahman	Centre Lathe Maintenance	Participants will learn to maintain the centre lathe for better learning and making experiences, with focus on safety.
7 Sep	South	Zhonghua Secondary School	Fauzi Mohamed	Efficiency in Vacuum Forming	Participants will learn how to eliminate webbings in vacuum formed mouldings and to reduce material wastage in vacuum forming.
28 Sep	East	Tanjong Katong Secondary School	Juffri Jantan	Possibilities of Four-jaw Lathe Chuck	Participants will be treated to a demonstration on how to use the fourjaw lathe chuck to turn eccentric peg: follow by a discussion.
12 Oct	North	Yishun Secondary School	Chahat Yussof Mohamed Shahjohan Mohamed	Making Cardboard Gears to Support D&T Teaching and Learning	Participants will learn to make simple gears and rack and pinion out of cardboards that are good enough as teaching aids for D&T teachers.
26 Oct	South	Queenstown Secondary School	Azizah Musroom	Scroll Saw Compound Cutting	Participants will learn about compound cutting using the scroll saw to make objects that can look very different when turned 90 degrees.
9 Nov	North	Fuchun Secondary School	Azlan Baharom Syed Mohd Shariff S Rithwan	The Woodworker's Vice	Participants will be showed how to maintain the woodworker's vice and give it a new lease of life.

To attend, please register with the respective zonal co-ordinators through email. They are:

Zone	Name of Zonal Co-ordinator	Email Address
North	Mr Chahat Bin Yussof	chahat_yussof@moe.edu.sg
East	Mr Azman Bin Ahmad	azman_ahmad@moe.edu.sg
South	Mr Iskandar Yussof Abdullah	Iskandar_yussof_abdullah@moe.edu.sg
West	Mr Ng Wee Choon	ng_wee_choon@moe.edu.sg

In your email, please state clearly the following:

- date of LaS session that you would like to register for
- your name as in NRIC
- NRIC No (for security purpose)
- school
- mobile phone number
- DTES membership status

You would need to be a DTES member to attend LaS as it is organised by DTES. If you are yet a member, please complete the subscription form to be downloaded at <http://www.dtes.org.sg/>. Hand the completed form and subscription fee of \$24 for a 2-year term to the Zonal Co-ordinator on the day of the session.

Please note that the number of participants is capped at 15 per session. To avoid disappointment, you are encouraged to sign up soonest.
